

21 April 1967

Herb:

John Gross asked that I furnish to you copies of the attached memorandum to Ass't. Secretary Horwitz and letter to Deputy Secretary Vance.

Even in the perspective of other responsibilities and tasks which compete for attention, I look forward to the development of a TOD which will serve useful and agreed purposes.

Top level agreement to and interest in this task give [redacted] and I assurance that the necessary substantive and procedural support is available for our use. It appears that other participants will have the same.

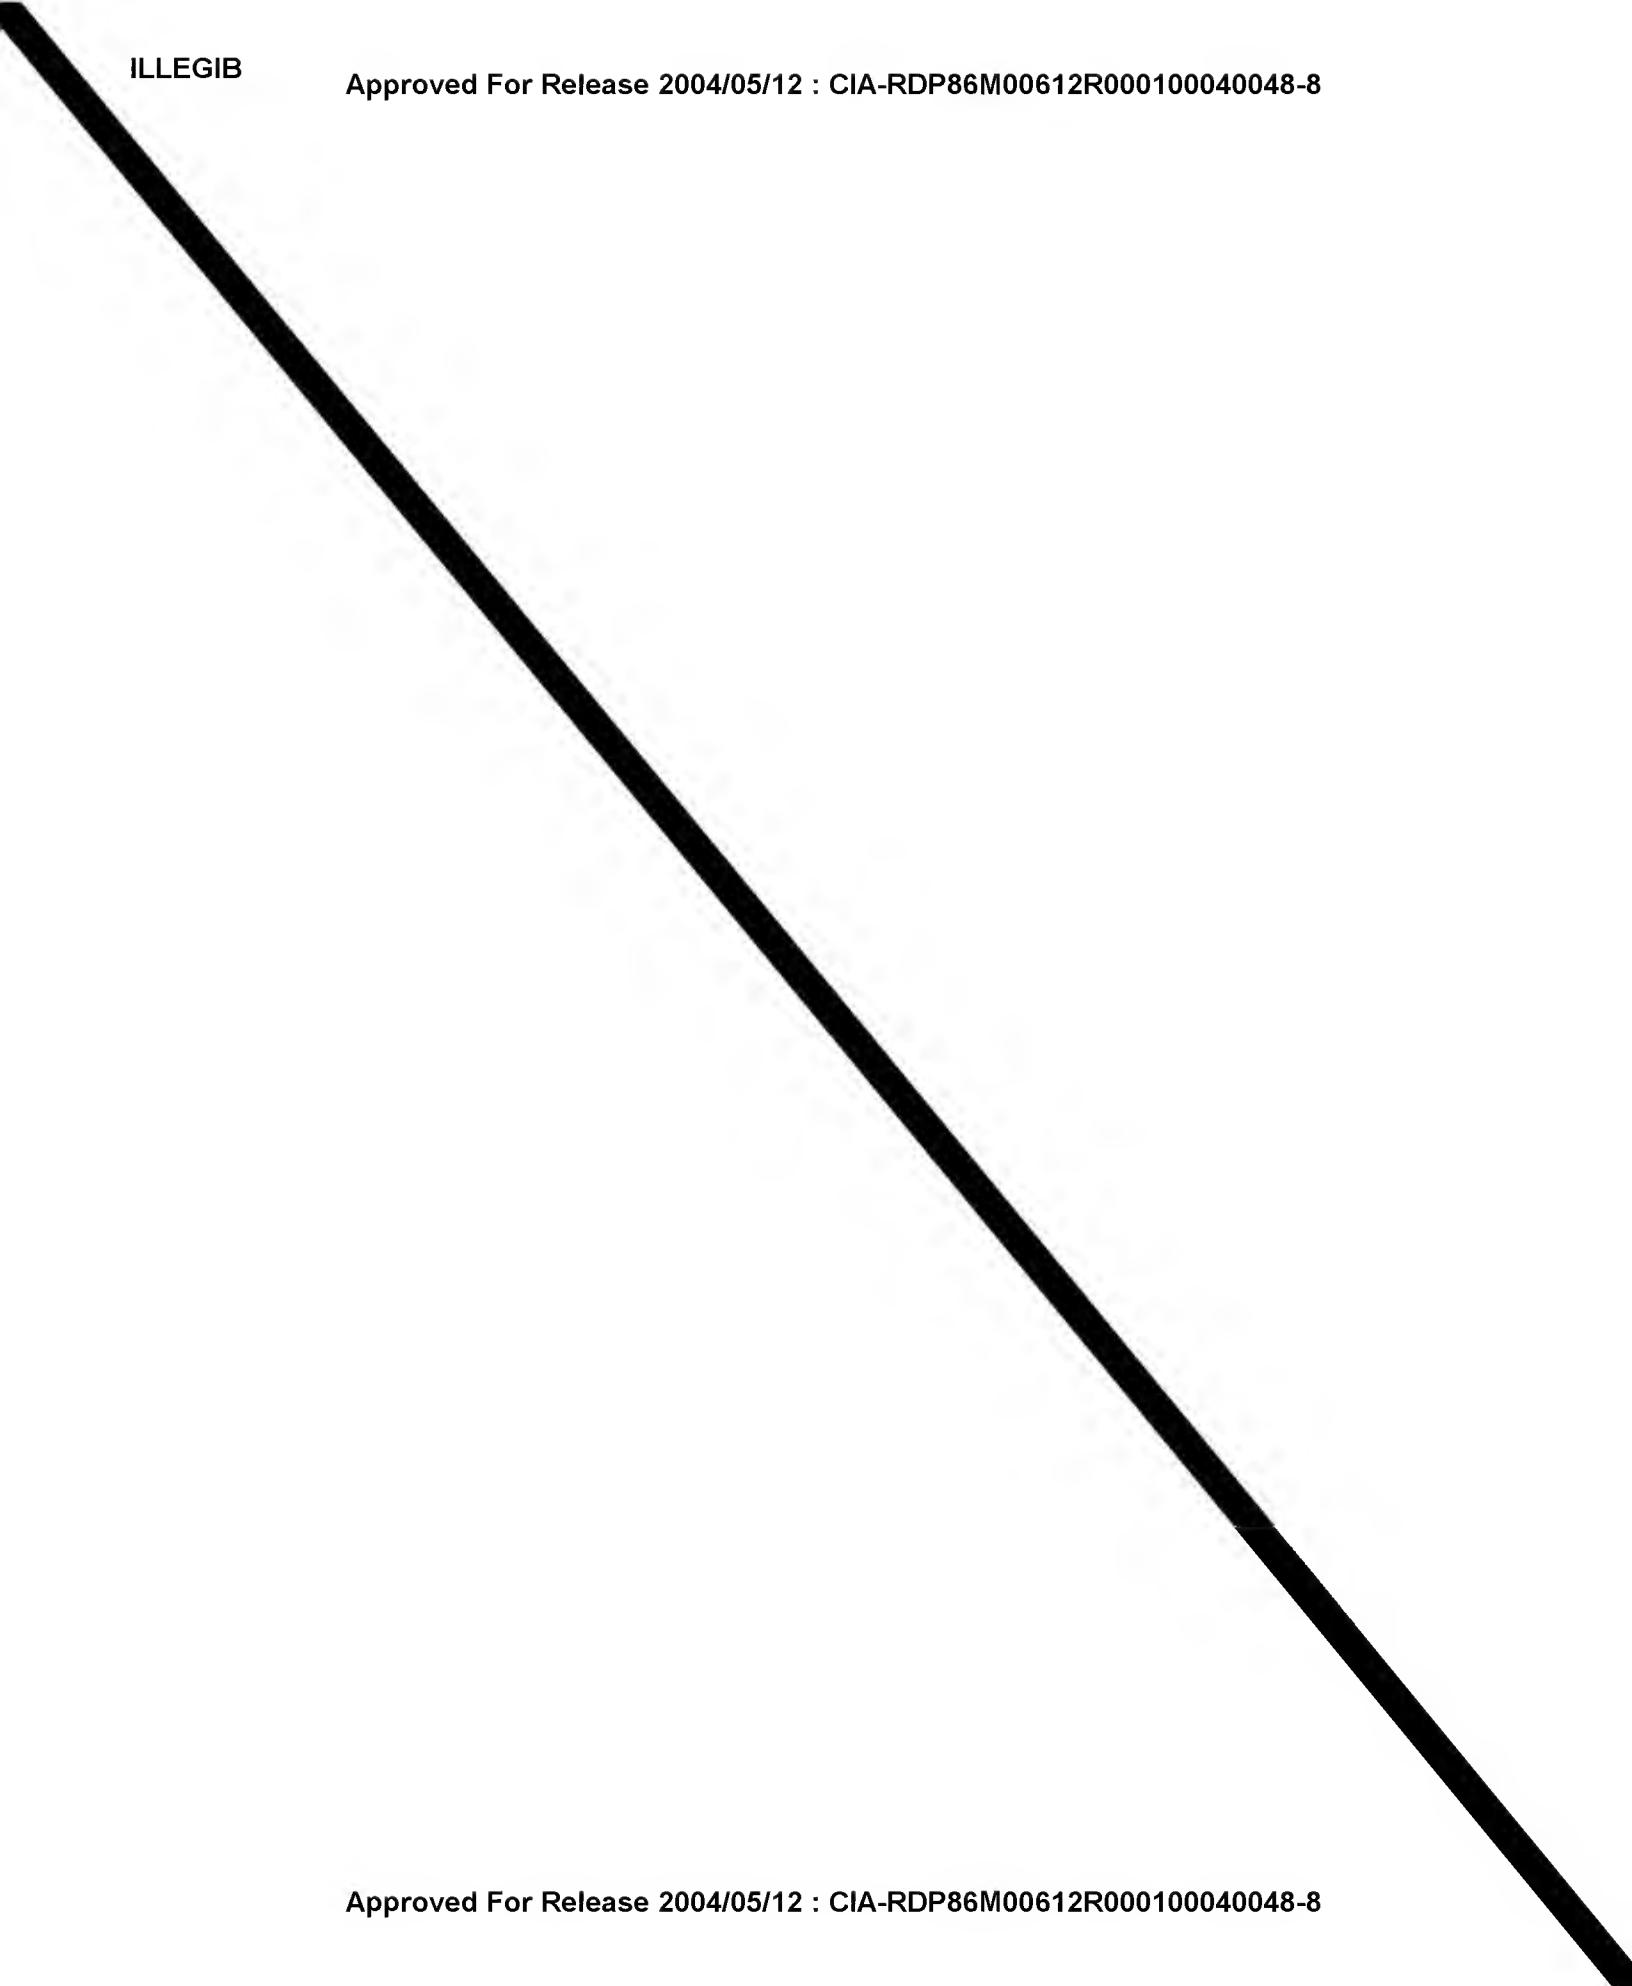

As indicated previously, Nate and I feel that it would be mutually advantageous to meet with you prior to the first full meeting of the TOD participants. We are prepared to do so at your convenience.
